- Each deposit amount must be 0.001 or more, below 0.001 will not be credited.

Date	Amount	Status
------	--------	--------

You have no deposit history.

5. Your account will receive the corresponding amount for successful deposit made.

**B. Will my coin deposit address coincide with those of other users?**

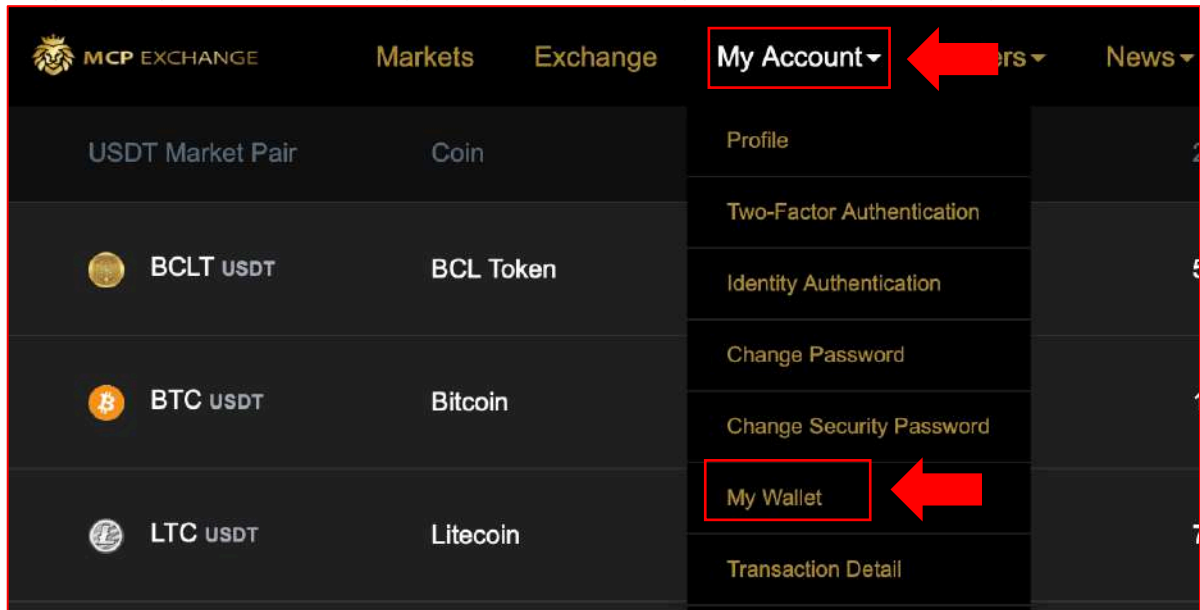

No. Each Account's Coin Deposit Address is unique. However, please be sure to carefully check the Deposit Address you insert before finalizing transactions/transfers of digital assets.

**C. What should I do if I accidentally deposit to a wrong address?**

If your digital currency/asset is deposit to the wrong Address, MCP EXCHANGE will not be able to retrieve the currency/asset. Due to the anonymity nature of Blockchain, we would be rendered unable to help you find it. Nevertheless, we would still try to look for ways to help you out if possible.

The screenshot shows a web interface for transferring USDT. At the top, there is a dropdown menu for 'Transfer Coin' set to 'USDT' and a 'Total Balance: 0.000000 USDT' indicator. Below this, an 'Important' notice states 'Minimum transfer coin per request: 200 USDT.' The main form consists of four input fields: 'Transfer to Email', 'USDT Amount', 'Security Password', and 'Transaction Fee: 10 You Will Get: 0.00'. A 'Submit' button is located to the right of the 'Transaction Fee' field. Four red arrows with numbers 1, 2, 3, and 4 point to the 'Transfer to Email', 'USDT Amount', 'Security Password', and 'Submit' button respectively.

4. After successfully transfer, you can go back to the **【USDT Transfer Page】** to check the transfer status as below.

The screenshot shows a table with the following columns: Date, Type, Amount, and Email. The table is currently empty, and a red arrow points to the 'Email' column. Below the table, there is a circular icon representing a document and the text 'No data.'.

Date	Type	Amount	Email

5. Your asset will deduct the corresponding amount for successful transfer made.
